

HOW DO I SIGN UP FOR A CANVAS ACCOUNT AS A PARENT FROM A COMPUTER?

Parents can sign up as an observer in Canvas. Observers can link their Canvas account to their student's account so they can see assignment dues dates, announcements, and other course content. Observers can view the course content but cannot participate in the course.

- Once you have an account, you may be able to view student information through the district Canvas web login or the Canvas Parent app (available on the Google Play Store and Apple App Store).
- Because students still complete many assignments and assessments that are NOT online, you should still rely on Skyward to see your student's overall class grades.
