

Greetings Parents, Guardians, and Students,

Now that the 2019-2020 school year has concluded, we want to thank all of you for your patience, efforts, and understanding during this time. It truly is one to remember. A few notes moving forward into the summer that we would like to pass along:

- An email was sent earlier today with summer school information, including information about iPads, please refer to that email if your student is taking summer school or still wishes to enroll in summer school. We still have openings in Sports Medicine I, Tailor Made Math, Psychology R, Crime, Justice & Law R and Tigers on the Prowl.
- We will send information along throughout the summer regarding summer school, fall registration, sports, and what the beginning of the year may look like. Administration and instructional staff will be meeting throughout the summer to determine this. We please ask that you check your email (SPAM) occasionally for any updates.
- With locker pick-up concluded for now, we hope to have a day or two this summer that students may access the building to check the Lost and Found and pick up any remaining locker materials, drop off their iPads and any textbooks/LMC materials, and pick-up any remaining yearbooks. We currently have about 250 locker and P.E. bags remaining from students who did not attend our locker pick-up days. We also have several student owned novels that will be made available during registration.
- We remind all students, especially those who shared a locker, to double check the materials they received and return anything that isn't theirs. The materials in several shared lockers were sometimes impossible to determine what belonged to whom. We appreciate your help and follow through on this matter.
- Students in grades 9-11 who have a semester grade of I (incomplete) have an alternate assignment packet available for pick up through the main office starting Wednesday, June 10th, 2020, this packet is designed for students to complete the work necessary to convert the incomplete to a pass prior to the next school year and avoid having to take credit recovery, retake a course and possibly the need to change their schedule to complete prerequisite coursework.
- Prom has officially been cancelled. The plan is to have a junior and senior prom court for the 2021 MHS Prom.

Have a great summer. Stay safe!

Mike Nicksic – Principal MHS
Jackson Hein – Associate Principal
Jamie Defelice – Associate Principal
Nathan DeLany – Athletic Director
